### § 5-1.202 SPECIFIC NUISANCES PROHIBITED.

It is unlawful and a public nuisance for any property owner or any person leasing, occupying or having possession or control or dominion of any premises in this city to maintain such premises or to permit, suffer or allow such premises to be maintained in such a manner that any one or more of the conditions or activities described in the following divisions are found to exist, with such list not intended to be exclusive:

No minimum rear yard setback is required, unless the property is a double-frontage lot in which case a 10 foot rear yard setback is required. In the event an accessory building is attached to the main building, it shall be considered structurally a part of the main building and shall comply in all respects with the requirements of this chapter applicable to the main building. ### BACKGROUND INFORMATION:

On 08/23/2023, I performed an initial inspection of the property located at Cook Street. The vegetation throughout the front and side yards of the corner property, weeds, trees, and shrubs, were overgrown and encroaching upon the public right of way. There were piles of dry dead leaves and other vegetation in the front and side landscape of the property. There was a tree in the front landscape so overgrown, blocking the line of sight when reversing out of the driveway and when driving from Macaulay St and attempting to make a left-hand turn or looking for oncoming traffic when making a right-hand turn onto Cook St towards 11th St. There was a White 2002 Chevy sedan, license plate parked in the driveway, registration expired in June of 2023. There were garbage cans stored in the front landscape on a non-service day. There was a hose coming from the front landscape, draped over and encroaching upon the sidewalk, and draining into the street. (Tripping hazard & Illicit discharge) The vegetation was so overgrown the front of the home was completely blocked by overgrown trees. (Fire hazard) I was unable to identify the location of the front door. (Emergency personnel response concern) The property was requested to be in compliance by 09/05/2023.

True and accurate copies of the notice of violation and photographs from <u>08/23/2023</u> are attached as "Attachment 2".

This was a repeat offense for all the same violations, reference case #CE2107-123. The PO Rebekah Jackson was previously educated the 2022, extensively on how to bring and keep the property in compliance. During my previous case I worked with Rebekah from July of 2021 to April of 2022. I explained the importance of keeping the property in compliance once the case is closed to avoid additional fines and fees.

On 09/14/2024, I performed a reinspection of the property, I noted the property was in violation. There was progress; however, there were trees in the front landscape blocking a street sign when traveling west on Macaulay St. There was green foliage covering the entire front of the property, covering the view of any exit or entrance for emergency personnel. There was a tree in the front yard blocking the line of sight when reversing from the designated driveway. The white Chevy sedan license plate was now registered current. The southwest fence on Cook St was dilapidated and in need of repair or replacement. The PO did not feel she was responsible for the fence. I advised that it was a good neighbor fence, and we do not get involved in the civil portion we hold both property owners accountable to ensure the safety of the public and both properties. I issued an additional notice of violation regarding the fence. I contacted the PO, Rebekah Jackson, via email advising of the remaining violations. I will meet the PO at the property if she requests an appointment. A reinspection was set for 10/02/2023 for the vegetation and 10/18/2023 for the fence.

True and accurate copies of the notice of violation and photographs from 09/14/2023 are attached as "Attachment #3".

On <u>11/01/2023</u>, Upon reinspection of the property, I noted some vegetation was cut and trimmed, and some remained overgrown, weeds, trees, and shrubs. Most of the encroaching vegetation was cut back off the street and sidewalk throughout the front yard. The hose was removed from encroaching upon the sidewalk. The garbage cans were placed out of view on a non-service day. The large tree in the front yard was pruned up 5 feet and allowed for increased visibility. The dilapidated fence on the side yard facing Cook Street was not in fact a good neighbor fence. The fence belonged solely to the property owner of Cook St. The fence was the beginning fence that enclosed her rear side yard. Portions of the fence remained out of compliance. I did grant an extension of 10 days to repair and or replace all fence boards in public view that remained in disrepair. I sent an extension notice to the PO via regular mail. A reinspection was set for 11/13/2023. Nothing further to currently report.

True and accurate copies of the extension letter and photographs from 11/01/2024 are attached as "Attachment #4"

On <u>11/27/2024</u>, Upon reinspection of the property, I noted some violations had been corrected and some violations remained. The fence boards had been replaced with complete sections that appeared sturdy. The vegetation was overgrown and encroaching into the sidewalk on the side yard facing Cook Street. The tree in the front yard landscape needed to be trimmed off the sidewalk. The garbage cans were in public view on a non-garbage service day. Due to the rain, I will grant an extension to bring the vegetation into compliance. This PO has been educated on numerous occasions. No photographs were taken. The PO interrupted my inspection. She was advised of the extension, and everything needed to bring the property into compliance. A reinspection was set for 01/04/2024.

On <u>03/07/2024</u>, Upon reinspection of the property, I noted violations remained. There was an overgrown tree on the side yard facing Cook St hanging too low over the sidewalk. There was overgrown encroaching vegetation on the front and side yards. There was garbage cans stored upon the front walkway piled with junk and misc. debris on a non-service day. There was a metal pop up structure skirted with a tarp in the front driveway in front of the vehicle in the driveway. The dilapidated portion of the side yard fence facing Cook Street was replaced with a new fence section. An NOV was issued, due to the time lapse from my last inspection. This PO has been educated extensively in person and via email. A reinspection was set for 3/25/2024.

True and accurate copies of the notice of violation and photographs from 03/07/2024 are attached as "Attachment #5"

On <u>04/04/2024</u>, Upon reinspection of the property, I noted progress; however, violations remained. The overgrown encroaching vegetation was cut and trimmed with exception to a tree in the front landscape strip hanging too low over the sidewalk. There were dry twigs/branches bundled and stacked on objects in the front landscape pathway. The garbage cans were placed out of public view. There was junk and misc. debris in the front pathway leading up to the front door. The pop-up structure in the front driveway remained. I sent a final notice of violation advising of all remaining violations. A reinspection was set for 04/30/2024.

True and accurate copies of the final notice of violation and photographs are attached as "Attachment #6"

On <u>04/28/2024</u>, I received an email from the property owner Rebekah Jackson. She requested additional time to correct all remaining violations. I will grant an additional 30 days as requested. A reinspection was set for 5/30/2024 for complete compliance.

True and accurate copy of the email received on 04/28/2024, from the PO, Rebekah Jackson, is attached as "Attachment #7"

On <u>05/29/2024</u>, I received an email from the PO, Rebekah Cook. She requested additional time to bring the front landscape into compliance. A reinspection was set for 6/27/2024.

True and accurate copy of the email received on 05/29/2024 from the PO, Rebekah Jackson, is attached as "Attachment #8"

On <u>06/30/2024</u>, I received an additional email from the property owner Rebekah Jackson requesting an additional 2-3 weeks to bring the property into compliance. This case has lasted 11 months. I will give 15 additional days to bring the property into compliance. A new reinspection was set for 07/22/2024.

True and accurate copy of the email received on 06/30/2024 from the PO, Rebekah Jackson, is attached as "Attachment #9"

On <u>07/21/2024</u>, I received an additional email, from the PO requesting additional time. She needed into August. Due to the length of time this case has been open, and the extensive education provided, the request was extended only an additional week. The PO sent an additional email and stated she would not be done. I advised I would be re-inspecting on Thursday 7/25/2024 for complete compliance.

True and accurate copies of the emails from 07/21/2024 & 07/22/2024 are attached as "Attachment #10".

On 07/25/2024, Upon reinspection for complete compliance I noted some progress, but many violations remained. The inoperable unregistered vehicle was removed from the driveway. Some of the vegetation was cut and trimmed and some remained overgrown. There was trimmed vegetation laying on the front landscape that needed to be picked up and removed. There was a tree on the side yard facing Macaulay Street that was hanging too low over the street. There were weeds in the front side yard planter strips. There was a tree/shrub that was used as a screen planting on the side yard completely blocking the line of sight when reversing out of the driveway. (Pedestrian vehicle safety) There were garbage cans stored upon the driveway. There was a temporary structure sitting on the driveway. I issued a citation, citation #400730, in the amount of \$446.00. I issued an NOV referencing the temporary structure in the front yard. I referenced the loose and overgrown vegetation including the tree hanging too low in the NOV due to the progress, however; my next inspection will be for complete compliance. The case has been open approximately 11 months. A reinspection was set for 08/26/2024 Citation #400730

\$100.00 5-1.202(A)(6) Garbage cans stored on driveway
\$100.00 9-5.1101 Line of sight obstruction
\$246.00 Reinspection fee
\$446.00 Total

True and accurate copies of the notice of violation (NOV), citation, and photographs are attached as "Attachment #11".

On <u>08/26/2024</u>, Upon reinspection of the property, I noted violations remained. There was dry, dead, cut vegetation piled on the side yard landscape. The garbage cans were sitting in the driveway. There was a unpermitted structure stored in the driveway under the carport made of white PVC piping and tarps. The tree sitting next to the car port needs to be cut up 5 feet. (Line of sight issue) Trees located in the side yard landscape strips need to be cut up 7 feet off of the sidewalk. The PO, Rebekah Jackson, made contact upon the property during my inspection. I advised how to correct all remaining violations. I granted an additional 24 hours to bring the property into compliance prior to another citation being issued. A reinspection was set for 08/27/2024. This case has been open for approximately 12 months.

True and accurate copies of the photographs are attached as "Attachment #12".

On <u>08/27/2024</u>, Upon reinspection of the property, I noted some violations had been corrected and some violations remained. The vegetation had been trimmed properly, off of the sidewalk and the line-of-sight issue was corrected by trimming the vegetation next to the driveway up 5 feet. The garbage cans were placed out of public view on a non-service day. There was an abundance of junk and misc. debris piled upon her front courtyard landscape area and the pop-up structure placed under the carport on the driveway made of tarps and piping used to screen additional junk and misc. debris from public view was still present. I issued a citation, citation #400723, in the amount of \$446.00. A reinspection was set for 09-19-2024.

Citation #400723 \$100.00 5-1.202(A)(1)(a) Junk and misc debris \$100.00 9-5.603 Unpermitted structure in front yard \$246.00 Reinspection fee \$446.00 Total True and accurate copies of the citation and photographs are attached as "Attachment #13".

On <u>9/20/2024</u>, I received an email from the City Clerk's Office. The PO, Rebekah Jackson, was filing a petition to appeal her citation, citation #400723, in the amount of \$446.00. She was cited for the junk and misc. debris and the makeshift structure in the front yard setback. The violation remains present upon the property. All inspections and or enforcement action are paused until after the hearing. A reinspection is set for 10/29/2024 to report the current conditions of the property.

On <u>10/29/2024</u>, Upon reinspection of the property to notate current conditions, I noted the property was in violation. I noted a tree in the front landscape strip on the side yard facing Cook Street with leaves and a large thick branch hanging down at 6 feet over the sidewalk. There was a tree in the front landscape hanging too low over the sidewalk. There was a palm tree sitting at the edge of the side landscape facing Macaulay Street and the palm frown was encroaching upon the public right of way. There were stacks of branches piled throughout the front of the property. There was an abundance of junk and misc debris in the front courtyard area. There was a structure in the driveway under the carport made of tarps, piping, and plywood. There was cut vegetation, cinder blocks, and pots filled with debris throughout the entire property laying on the ground not being utilized as landscape or décor. The property was not in compliance. The conditions of the property are worse today than when the citation was issued in August. The PO, Rebekah Jackson, followed me around throughout the entire inspection. An inspection is set for 11/6/2024, the day before the appeal, to note any progress in hopes of closing the case.

True and accurate copies of the photographs are attached as "Attachment #14".

### **RECOMMENDATION:**

Recommendation to uphold Citation #400723, in the amount of \$446.00, issued to Rebekah Jackson on August 27, 2024, for violation of Antioch Municipal Code sections 5-1.202(A)(1)(a) and 9-5.603. Upon issuance of the citation on August 27, 2024, the property was in violation and the Property Owner was educated extensively on how to bring the property into compliance prior to the citation being issued and failed to do so.

Hello-

As I explained early on-I am having other work done that I want to do to my property and that is my right. I can make no promises beyond the dates I have informed you of

I do plan to contest any citations. Your letter that referenced business and community leader involvement in making Antioch a desirable and livable place was lacking in sincerity since so many properties, even nearby, are maintained sporadically, if at all: they have numerous so-called violations and have actual visible junk, etc. Yet these properties are never cited. Based on this, it is clear that you have singled out my property.

It is curious that you keep returning to my property- you indicated that code enforcement is complaint driven and I suspect who is doing this- allowing someone to use code enforcement to harass is not legal.

I have copious notes from the first time that we met in person in February 2022, when I was the new owner of the property- anything before the timeframe of September 14, 2021 is irrelevant since I was not the owner- you can not just "move things over"- your words last August 23, 2023. I followed all of your instructions from February 2022, and have notes per you re: what was acceptable with heights, what is allowed, etc., and more specifically, what passed.

Specifically, the carport is a \_permanent structure\_, there is no "pop-up." I followed \_your\_ instructions to screen the carport with commercial grade material- it is not a pop-up. You gave the identical instructions to a neighbor who did the same thing. You have seen it twice before and said nothing against it.

You seem to indicate that nothing is allowed in my front yard beyond plantings. I can not find \_anything\_ in the code to indicate that pots, garden ornaments, patio furniture manufactured specifically for outdoor use, etc. is not allowed in a front yard. Also, the two previous times that you have been here- February 2022 and then August 2023- you made no such claim, passing my yard and even noting items that might not be allowed were, if used in a certain way. Again, I have notes. There is no junk. Now you make new claims that you did not previously under the same circumstances. Again, I have detailed notes of your instructions from February 2022.

There are numerous front yards that have yard furniture, pots, yard ornaments, even children's play equipment, pool tables, etc. in their front yards that I have seen for years. Again, I can not find any such limitations in the code. If you are somehow misreading something, then that needs to be corrected. The residents of Antioch should be able to enjoy their yards and not cede their front yards to the city.

As a citizen of Antioch, I am concerned about my city-I am concerned that code enforcement is being carried out in an unfair manner and it does not seem to meet this "desirable and livable" criteria in just singling out my property. Especially when there are so many properties/areas, even close by, that are problems. Also, any such efforts should involve the actual citizens since we are the city.

I look forward to resolving this matter in its entirety- should you cite me, then I will be appealing any and all of it.

Thank you.

Sincerely,

---

Hello-

To: The Members of the Board of Administrative Appeal

Re: Request for Postponement of the November 7th Appeals Meeting re: the Appeal of Citation/Code Violation issued to Rebekah Jackson, Cook St., Antioch, CA 94509.

I respectfully request, per the City of Antioch Municipal Code 1-5.05(B), a postponement of the November 7th Appeals Meeting re: the citation issued to me, Rebekah Jackson.

I have ongoing health issues that have taken a turn for the worse. I have had to resume treatment, which requires significant down time for all processes and recovery. Based on the extensiveness and invasiveness of my medical treatment process (I have been through it before), it would be prudent for me to request the allowed maximum 60 days, again, per the City of Antioch Municipal Code 1-5.05(B).

I would very much appreciate your understanding of my medical situation, and I would also appreciate being allowed to resume my appeal following the 60-day allowance for postponement.

Thank you very much for your consideration of and hopefully approval of my request.

Sincerely,

Rebekah Jackson

Hello,

The City of Antioch Municipal Code 1-5.05(B) states "In the case of an appeal of an administrative citation, an advance deposit in the full amount of the fine imposed by the administrative citation shall be submitted with the written appeal request. Upon receiving a request for an administrative appeal, the ARP ("Administrative Review Panel" also known as the members of the Board of Administrative Appeals) or its designee shall notify the requesting party in writing of the time, date, and place of the administrative hearing. Such hearing may be continued from time to time for good cause but not to exceed a maximum of 60 days from the initial hearing."

We are unable to provide you a list with what is considered a good cause; therefore, you would provide your reason for the postponement request. Please email your request no later than 72 hours before the hearing and it will be sent to the Board for their review.

Thank you,

Hello-

Thank you for the reply.

I had read that the request needed to be submitted at least 72 hours beforehand. Will the Board be able to read my request before Nov. 7th?

Can you direct me to the information re: the postponement instructions. guidelines, what qualifies as good cause, etc. I only viewed something about a 60 day postponement but didn't see any further information.

Also, to whom do I submit the request and is there a form to fill out, etc.? Can it be dropped off at City Hall- if so, where at City Hall?

Thank you.

Hello-

This is in regards to my Appeal- see below. I wanted to find out how I request a postponement (as referenced in the letter) for the November 7th Appeal Board Hearing- I read something about a 60 day postponement on a website.

How do I request the postponement?

If you could please also reply to my other email- my Sonic email is experiencing some technical problems. <u>RMLJ8686@yahoo.com</u>.

Thank you for a prompt reply.
